III. Accuracy, completeness and timeliness of data

1. Design Terminal makes every reasonable effort to ensure the accuracy and completeness of the information available on the Website and does not assume any liability for any damage resulting from possible inaccuracy or lack of data or information on the Website. The User can only rely on the materials and information available on the Website exclusively at his or her own risk. The User acknowledges that monitoring any changes to the materials, information and data available on the Website is also his or her responsibility.

2. The information, data and conditions displayed on the Website are provided exclusively for giving information, Design Terminal shall not be liable for any damage or cost resulting from their completeness or accuracy. Design Terminal is not liable for any damage, losses or costs generated by the use, inability to use, inadequate operation, malfunctions of the Website, unauthorised modification of the data by anyone, or arising from delayed transmission of information, computer viruses, line or system failure, or other similar reasons.

3. The information on programs, including the level of fees charged and the conditions for participation, is also of informative nature. Design Terminal reserves the right to unilaterally modify the terms and conditions of programs and other circumstances for all professional courses and events at any time by duly notifying the participants.

IV. Automatically collected information

1. During a visit to the Website, one or more cookies - that is, a small file containing a string of characters - can be sent to the User's computer, which will allow its browser to be individually identified. These cookies will only be sent to the visitor's computer in case of visiting some sub-pages, so no other information than the fact and time of the visit will be stored on the Website. Third-party service providers, including Google, will store these cookies if the User has previously visited the advertiser's website, and, based on this, the User will be provided advertisements on the Internet websites of external service providers, including Google.

2. Cookies and their use are subject to a separate Cookie Terms of Use available on the Website.

V. Protecting Personal Data

1. The visit to the Website of Design Terminal is not subject to registration and the User does not give his or her personal data either. However, the possibility of registration is provided, so if any personal data is made available to Design Terminal it will be processed by the controller according to the Directive of the European Parliament and the Council on the protection of natural persons with regard to the processing of personal data, and the Regulation (EU) 2016/679 on repealing Directive 95/46/EC (General Data Protection Regulation, hereinafter referred to as GDPR) and Act CXII of 2011 on Informational Self-Determination and Freedom of Information (hereinafter referred to as Privacy Act), and according to the Company's Data Processing Policy regarding the data processing on its online surface published on its Website.

2. Design Terminal processes all data received through the Internet with the same protection as if they had been made otherwise available to it.

VI. Warranty and Limitation of Liability

1. User has sole and exclusive responsibility for the use of the Website.

2. Design Terminal provides this Website on the bases of "As Is" and "As Available", therefore Design Terminal does not give any, whether express or implied, warranty based on legislation or anything else (for example, on marketability, suitable quality or fitness for a particular reason) regarding the completeness, accuracy, reliability, timeliness, legal clarity, disconnection or error, the virus protection on the website, the accuracy or reliability of advice or opinions obtained through the Website. Therefore, Design Terminal expressly refuses the statements and warranties thereof.

3. Design Terminal reserves the right to limit, suspend, or terminate access to any part or all of this Website or any of its functions at any time without prior notice.

4. Design Terminal and/or third-parties involved in creating or producing the Website or making it available on behalf of Design Terminal do not assume liability for any direct, incidental, consequential, indirect, special or sanctioned damage, cost, loss or obligation arising from access to this Website or other website accessed through a link from this Website, as well as their use, inability to use, the changes in their content, or – to the fullest extent permitted by law – from measures taken or not taken by Design Terminal based on electronic mail sent to Design Terminal by User.

5. Design Terminal and/or third-parties involved in creating or producing the Website or making it available on behalf of Design Terminal are not obliged to maintain, correct or update the materials and services available on the website. Content on the Website may change without prior notice.

6. Design Terminal does not assume liability for any damage to or loss due to viruses in the User's computer or anybody's property resulting from the use of the Website, access to the Website or the downloading of any material from the Website. Users shall download any material from the Website at their own risk.

7. User expressly waives of any claim against Design Terminal and its officers, managers, employees, suppliers and programmers resulting from the use of or access to the Website, to full extent provided by the governing law.

VII. Other and Final Provisions

1. User shall not engage in activity deemed inappropriate within the discretion of Design Terminal and/or unlawful or prohibited according to any legislation related to the Website.

2. Design Terminal acting within its scope of authority shall have the right to unilaterally modify this legal information at any time in any way without any obligation to notify users in advance. Any such modification comes into effect by its publication on the Website.

3. By visiting this Website, Users express their consent to be bound by the GCU.

4. If any provision of this GCU becomes void or becomes ineffective later, this provision shall not affect the other provisions of the GCU.

5. The present GCU will enter into force on the day of publication by Design Terminal.
